

PCB layout for the M16-171 with RS-171 board v2. The layout includes components such as U1 (Microcontroller), R1-R16 (Resistors), C1-C5 (Capacitors), D1-D9 (Diodes), RL1, RL2 (Relays), and BUZ1 (Buzzer). It features two 20-pin headers for address and data buses, and a 10-pin power header. The board dimensions are 71.5 x 51.5 cm.
